

Put your capital on India's yellow EV fleet.

We run every kilometre.

EVUDDY by Shubhurax Mobility Ltd. You grow the fleet. We operate hubs, KYC, GPS, charging and rider support. This brief replaces on-page calculators with a proper partnership document.

Apply on evuddy.com/partners

How the partnership works

01 You fund the fleet

Capital is used to place EVUDDY scooters on live hubs. You are a fleet partner, not a street vendor.

02 EVUDDY operates

Yards, pickup OTP, IoT GPS, charging, KYC and 24x7 rider helpdesk stay on our platform.

03 Riders book the city

Hourly Rs 60, daily Rs 250, weekly Rs 1,750, monthly Rs 7,500 - GST included. Rent to Own is Rs 300/day GST included plus a Rs 2,500 refundable deposit.

04 Paperwork in writing

Returns, tenure and payouts are confirmed in the signed agreement. Nothing is collected inside website chat.

Why partners choose EVUDDY

Live operations

The same Book EV stack riders use - OTP pickup, GPS, tickets - is the stack that protects the asset.

One brand, yellow fleet

Dealers, distributors and fleet partners sit under EVUDDY. Riders see one professional city brand.

Lucknow first

We are live in Lucknow. Expansion follows operations, not a map full of empty pins.

Clean mobility

Quiet electric scooters for commute, gig work and Rent to Own - demand is daily, not seasonal.

Next step
